

Parent Notification System

For the 2022-2023 school year we will be using a new system for parent notification system. This is an automatic texting system that will allow us to notify you of school closures, delays, special activities and other important information.

In order for us to contact you, will need ONE phone number where we may text you a message. In family situations that may necessitate more than one phone number, please indicate this as well.

- We will be sending out a “test” text to be sure all numbers are accurate on Monday, August 29th- if you do not receive the text please contact the school your child attends.

***Please call the school with any changes that occur during the school year with a number change. ***
